

## **PRESERVED/DISSECTED ANIMAL DISPOSAL INSTRUCTIONS**

Listed below are the instructions for the disposal of all preserved and dissected animals. Please advise the instructors of your Life Science, Science, or Biology classes of the following:

- 1. Call 799-0990 for delivery of 30-gallon or 55-gallon poly drums at least two weeks before required.**
- 2. Put only preserved specimens in drum, no packaging or bags.**
- 3. Do not pour any packing liquids in drums. Keep packing liquids in original containers.**
- 4. DO NOT POUR PACKING LIQUIDS DOWN THE DRAIN.**
- 5. Prior to scheduling pickup please ensure drums are at least ninety percent full.**
- 6. To schedule a pickup please complete pickup request form at;  
<http://riskmanagement.ccsd.net/pickitup>**

**If replacement or additional drums are needed, please include this information when completing pickup request form.**

.

If you have any questions, please contact Hazardous Materials Section at 702-799-0990.
